

Remarks:

1. This amendment has been made to cancel Claim 1 to overcome the obviousness rejection under 35 USC 103.
2. Claim 2 has been amended to correct the informalities to overcome the Examiner's objection. Claims 3~5 remain unchanged and are dependent upon the independent Claim 2.
3. The specification on Page 1 has been amended to cancel the description of the prior art of U.S. patent 4,753,935 (P. 1; Lines 13~20) since it is not a proper prior art for this application. This is trying to overcome the "problems" of "Information Disclosure Statement".
4. After this amendment, this application is thought to be placed in condition of allowance. An early Notice to this effect is respectfully expected.

Respectfully submitted;
